## WE SPEAK YOUR LANGUAGE.

Atlas Language Services, Inc. is a full service interpretation and translation company headquartered in Chicago. With over 20 years of industry experience and thousands of interpreters and translators worldwide, Atlas is able to provide exceptional service.

### Interpretation – Spoken Word

Atlas interpreters are certified at the highest level available for their language, including certification by the U.S. Department of State, the U.S. District Court and various state courts and jurisdictions. Many are also credentialed by AIIC and the United Nations as conference interpreters. Atlas interpreters are expert in all modes of interpreting: simultaneous, consecutive and sight translation. We assign interpreters who know your industry or discipline, and who convey every nuance and detail of your spoken message in the same manner that you deliver it. We also offer expert interpreters for arbitrations, business meetings, conferences, depositions, healthcare, manufacturing and marketing tours, negotiations, simulcast radio and TV, trade shows, trials and foreign language voice talent for voice-overs and dubbing.

### Translation – Written Word

As we progress to a more global village, accurate and culturally acceptable translations are vital. Multilingual project literature maximizes sales, shows a strong social consciousness, and minimizes the dangers of product liability from misunderstood or non-existent directions.

Atlas assigns industry-specific language professionals from our international network of native-speaking translators. Our final translations appear to have originated in the language, culture and locale of the target country or market. Bilingual editors and proofreaders then double check all finished work.
